

Address:

St. Agnes Care Northwest Outpatient Family Medicine
4770 W Herndon Ave
Suite 110,
Fresno, CA 93722

Hours of being there as a medical student:

Mon - Fri 8am - 5pm

Wednesdays are half-days. Clinic in the AM, didactic lectures in the PM

Badge access into Northwest FM location & Hospital:

Once you get your badge at orientation, call [559-450-3229](tel:559-450-3229) to check your badge access to St. Agnes Northwest location and the main hospital

Before orientation, complete all module trainings especially the ones that starts with “Th-epic”
Incomplete modules = no EPIC access

After you complete the modules, you need to call [1-888-667-3003](tel:1-888-667-3003) and tell them you’ve finished your training modules and ask for them to unlock your Epic access

Unlocking takes 30 mins to a few hours.

Setting up your Trinity/Epic sign-in:

- 1) Before you can sign into Epic, set up Microsoft authenticator (part of two-factor verification)
 - a) [Set up Microsoft Authenticator for Trinity/Epic sign-in:](#)
- 2) How to get Epic on your laptop:
 - a) If you have Citrix from other institutions (Community Health, Kaiser, etc) you will need to delete the software first and then download Trinity’/St. Agnes’s version. The links below include steps for removal.
 - i) [Connect Setup Non-Trinity-Health for Mac](#)

(1) Note: for the Citrix Workspace, the pdf links you to the 2508 version. That version has been known to not work sometimes. If it doesn't work, uninstall that version and re-try with [2411.10 version](#) instead.

ii) [Connect Setup Non-Trinity-Health for Windows](#)

3) How to get Epic on your phone:

a) [Epic Haiku phone](#)

Wifi:

Northwest clinic's private wifi network: [Integrity](#)

- **Account:** Try either username for Epic or Workforce ID# (7 digits). One of them should work
- **Password:** password to your trinity/epic account

Sometimes, Epic will not open on your laptop if you're connected to a public network, which is the "iguest" network

"Iguest" network is okay for phone, Epic Haiku app will still open

Viewing Preceptor and Residents Schedule:

- Create an account with [Amion](#)
- Code: [gmesamc!](#)
 - Call schedule for FM inpatient
 - Clinic schedule for FM outpatient
