Subscribe to the Didactics Calendar with link above

ANDROID USERS:

<https://calendar.google.com/calendar/ical/samcfamilymed%40gmail.com/public/basic.ics>

### Directions for iPhone and Android

# How to add the iCal feed to the calendar on my device?

# For Mac

1. In the Calendar app on your Mac, choose **File > New Calendar Subscription**.
2. Enter the calendar's web address, then click **Subscribe**.
3. Click the Auto-refresh pop-up menu, then choose how often to update the calendar.

# For iPhone

1. Go to **Settings > Calendar > Accounts > Add Account > Other**
2. Tap **Add Subscribed Calendar**.
3. Enter the calendar's web address to subscribe to and any other required server information.

# For Google Calendar (on Web)

1. On your computer, open [Google Calendar](#).
2. On the left, next to "Other calendars," click Add **From URL**.
3. Enter the calendar's web address in the field provided.
4. Click **Add calendar**.
5. Copy the iCal feed address.

# For Android

1. **Follow the instructions for Google Calendar**, from a computer.
2. On your phone, open the Google Calendar app
3. Open the menu, and then go to **Settings**.
4. Scroll to the calendar email where you added the new iCal feed
5. Tap on **Show more**.
6. Tap on your new calendar's name.
7. Switch the **Sync** option on.
8. You may also change your notifications for this calendar on this screen.

## USEFUL Apps

### **AAFP\*** [iOS](#) or [Android](#)

Get access to AFP Journal and Newsfeed directly

### **AMION\*** [iOS](#) or [Android](#)

Receive/Send AMION messages, view call/block schedule

### **CDC Vaccine Guideline** [iOS](#) or [Android](#)

Get annual updates on the official CDC's vaccination schedule for children and adults

### **ChatGPT\*** [iOS](#)

Official ChatGPT app for iOS only. Ask away anything and get immediate answers from LLMs. Currently the free version is GPT3.5. Must register for free account at

<https://openai.chatgpt.com>

### **Doximity\*** [iOS](#) or [Android](#)

Get a free fax line, use it to hide caller ID with that of e.g. clinic office number, conduct virtual visits, and find career opportunities

## **Epocrates** iOS or Android

Oldest and most trusted medication lookup reference manual. Look up dosing, adverse effects, and drug-drug interactions

## **Haiku EPIC System\*** (Trinity Health Link)

Allows for mobile charting on EPIC systems from chat, scheduling, intake, and completion of chart notes. Media uploader also included. **USE THE LINK TO ACTIVATE A MOBILE DEVICE**

**For remote access and setup to Epic. Please use <https://connect.trinity-health.org> and follow the guided instructions of installing CITRIX. YOU WILL ALSO NEED YOUR AUTHENTICATOR APP TO AUTHENTICATE USER NAME AND PSSWD ONCE ENTERED.**

## **Insulin PUMP How to Calculator** (Web App)

Quickly get initial insulin pump settings and bolus wizard calculation for Diabetes Pump Therapy

## **MDCalc** iOS or Android

Everything from Fib4 score to ASCVD risk assessment, a must tool to conduct clinical risks and outcomes.

## **MS TEAMS\*** iOS or Android

As part of Trinity Health, all staff, including physicians communicate via Teams including virtual meetings, chats, and access to group folders including department channels. Search and add channel **Family Resident SAMC Didactics**

## ☐ **OpenEvidence** iOS or Android

Make no mistake this is one of the best clinical AI tools on the planet to date! It makes UptoDate look like dates. This AI takes any clinical questions and crafts answers from the most arcane topics to the latest clinical guidelines. The language model is NOT chatGPT based and it relies on realtime journal publication based on readership rankings and validity. It is FREE with just an NPI number and the founder has not decided yet to include a subscription model. It is only available to healthcare providers.

## **UCSF Hospitalist Manual** iOS or Android

The UCSF Hospitalist Handbook is a concise yet comprehensive bedside guide to inpatient medicine. It covers diagnosis and management for common issues in cardiology, critical care, pulmonology, nephrology, hematology/oncology, gastroenterology, endocrinology, infectious disease, rheumatology, and neurology, among others.

## **UptoDate\*** iOS or Android

First create a personal account from any Trinity desktop client by going to [www.uptodate.com](http://www.uptodate.com) and create account. This should allow you to have free access plus get CME credits while you search and review topics.

## **USPTF** iOS or Android

USPTF Guidelines is widely recognized by all specialties including Family Medicine for any major clinical guideline updates.

**\*Denotes Required Account Access**
